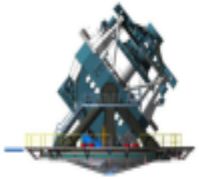
Data Quality Analysis and Revalidating the Pipelines

Robert Lupton, Princeton

LSST Pipeline Scientist

2017-01-25



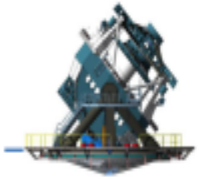
Overview

Rubin Observatory

LSST DM construction has two tasks:

- build the pipelines
- Commission the pipelines with the real telescope and camera

U.S. DEPARTMENT OF ENERGY | Office of Science



Overview

LSST DM construction has two tasks:

- build the pipelines
- Commission the pipelines with the real telescope and camera

Fortunately *validating* and *commissioning* are very similar tasks.
