Abstract

This document demonstrates how to use the LSST LETEX class files to make a Data Management tech note. Build this document in the normal way, making sure that the class file is available in the LETEX load path.

Title of document

1 Introduction

Now write your document as you would normally write it. Different citation schemes are supported, and the default bibliography style is declared by the class. In this example we have enabled author-year citing. Use \citeds for citing docushare documents.

\citedsp: [LPM-17; LSE-30]
\citeds: (SRD; LPM-17; LSE-29)

\citep[][]: (e.g., LSST Science Collaboration, 2009; ?, are interesting)

\cite: McKercher (LPM-51); Wang et al. (2011)

Font checking: Fixed width font.

Math checking: $A = \pi r^2$ (mathroman)
