

# Data Quality Analysis and Revalidating the Pipelines

Robert Lupton, Princeton

LSST Pipeline Scientist

2017-01-25

## Overview

---

LSST DM construction has two tasks:

- build the pipelines
- Commission the pipelines with the real telescope and camera

## Overview

---

LSST DM construction has two tasks:

- build the pipelines
- Commission the pipelines with the real telescope and camera

Fortunately *validating* and *commissioning* are very similar tasks.
